

Attention: Residents, Hikers, Hunters, Birders, Mountain Bikers and all who love this wonderful, special place...

We have an opportunity to gift our children with genuine Old Growth Forests right here in Putnam County. This is an opportunity that comes only once in a lifetime *and it's here now!* The State Forests in Putnam

County are older today than they have been for nearly 250 years yet more than 400 acres of **Mount Nimham's maturing forests** and 2000 acres of other state forests in our county can be destroyed by the State at any time - unless we preserve them for our children.
